PROFESSIONAL EXPERIENCE

Freelancer   Aug 2024 – present
Frontend Developer
- Designed and developed responsive, user-oriented web applications for various clients.
- Worked with JavaScript, HTML, CSS, and modern frameworks such as React and Tailwind to create dynamic websites.
- Ensured cross-platform compatibility and optimized user experience across all devices.

JP Serbia Roads   2020 – 2024
Category I Collector
- Processed cash and electronic payments, ensuring smooth traffic flow.
- Provided customer support and efficiently resolved their inquiries.
- Maintained accurate transaction records and ensured compliance with security regulations.

PROJECTS

Mane's Barbershop ⬈   Dec 2024 – present
- Developed a modern, responsive website for a local barbershop using React, Vite, and Tailwind CSS.
- Designed intuitive navigation and integrated animate.css for smooth animations.
- Implemented a booking form, allowing customers to schedule appointments by selecting services, entering their name, phone number, preferred date, and time, with a design optimized for all devices.
- Created a scalable framework that enables clients to easily update content, including text and images.
- The demo version is live, with the final version pending client-provided materials and domain purchase.

Rok Šped D.O.O. ⬈   Nov 2024 – Dec 2024
- Designed a modern, responsive, and interactive website for a freight forwarding and transport company.
- Developed a mobile-friendly layout optimized for all devices to ensure a seamless user experience.
- Integrated a functional contact form to enhance communication with clients.
- Improved loading times through optimized code and resource management.
- Created content and design elements aligned with the company's identity and values.

DJ's Event Planner ⬈   Oct 2024 – Nov 2024
- Allows users to track, add, edit, and delete events.
- It includes a calendar view that can be enabled for easier event management.
- Provides real-time updates for current changes.
- Uses local storage to preserve data.

Madara vs Shinobi Alliance ⬈   Sep 2024 – Oct 2024
- It features characters with custom designs.
- It includes tracking of FPS, speed, and scores.
- It offers smooth controls and challenging tasks.
- It stands out with a unique visual style, bringing a fresh approach to the traditional genre.
